

THE ROUNDUP

The RoundUp is a nine-week RiverWorks Community Development program **providing families** with an opportunity to experience a chuck wagon dinner, riding a horse, connecting with other kids and adults, playing outdoor games, spending time together, and hanging out at the campfire.

Last year, RoundUp served over 1200 meals and provided over 400 horse rides to adults and kids from the Rockford, Greenfield, Delano, Hanover, and Buffalo areas who may not otherwise even had a summer vacation. **Several families told us "RoundUp was the highlight of our summer."**

Your help is needed to provide this FREE, Family Fun for area families. We live in a time where there is no "extra" for families to go on vacations. At the RiverWorks Food Shelf we are still seeing new clients every month. Families are struggling.

What a positive way to demonstrate we are a community that cares about families!
